

THE MOON
BY SEA

OUR STORY

We believe the best experiences are defined by comfort, character, and genuine quality.

We created this space to feel just as right for a quiet morning coffee as it does for a refined evening date. Whether you are stopping by for a casual pastry or dressing up to celebrate a major milestone, we want you to feel entirely at home.

Our philosophy is built on simplicity and excellence. From the craft of a perfect pour to the artistry of a well-mixed drink, everything we do is crafted with genuine care.

Our foundation is in music and storytelling. Having spent a decade on the road as a touring musician, owner Sam Bradley learned that the best environments foster real connection. That is why a piano sits at the heart of our room. It stands as a daily reminder that this is a venue for celebration, reflection, and community.

Come as you are. Pull up a chair. Stay a while.
